

**RFO-BLEGW02
BLE Gateway
Ethernet/Wifi**

Product Description

RFO-BLEGW02 Gateway with Ethernet and Wifi

Strengthen or extend your existing BLE network or create a completely new BLE network.

EASE OF USE

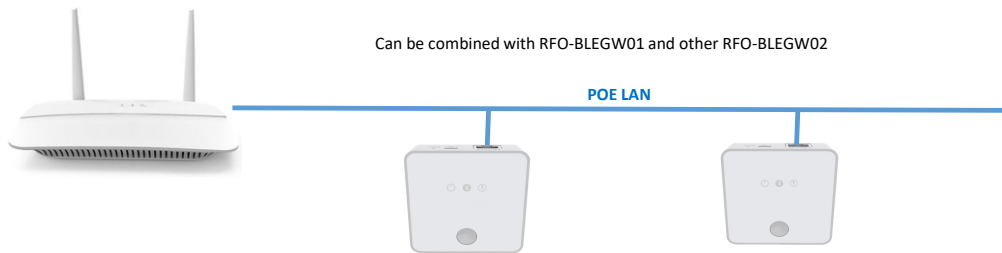

The Gateway locates BLE devices and allows you to receive alarms and status information from these devices.

It is possible to realize a complete BLE network or to strengthen an existing BLE network.

The gateway is easy to install. You simply mount it on the wall. It is also possible to place it on the wall, ceiling or profile of a suspended ceiling using the magnetic mounting kit.

HIGHLIGHTS

- Low energy consumption
- Connectable via Ethernet, Wi-Fi

Technical Specification

Dimensions (L x W x H)	70mm x 70mm x 24mm
Weight	195 grams
IP rating	IP54
Power	POE Adapter
Bluetooth	BLE 5.2
WWAN	4G (LTE-TDD/LTE-FD, 850/900/1800/1900MHZ)
WLAN	4GHz Wi-Fi
LAN	100Mbit Ethernet
